

Support and Classroom teachers prompt Ethan to remain on task. Prompts will continue and be documented as long as Ethan remains non aggressive.

If Ethan's physical demeanor changes or he starts to exhibit aggressive behaviors (crumpling and tearing paper) he will be directed to the quiet room.

If he refuses to go to the quiet room, Mrs. Erschen will be contacted. If he becomes a danger to himself or others, the classroom will be evacuated.

If he is in the quiet room he is allotted unlimited time to de-escalate. He must show 5 minutes of calm, safe and quiet behavior before the staff member leads Ethan through the processing procedure (as defined on the Quiet room protocol). He can return to class at this point.

If he becomes physically aggressive with staff or another student the resource officer and administration will be called for support. Parents will be contacted and updated on the situation.
